

LSC Roundtables 2.0

Goals of LSC Roundtables 2.0

That participants leave with:

- A deeper understanding of theories of change that inform the work of those responsible for planning, shaping, and assessing spaces for learning
- An outline of an agenda for action on their home campus or office that focuses on the future for the learners, for their institution, and for society
- A sense of commitment to the adventure of building community, of shaping spaces that serve an institution with distinction into the future.
